- Logo design
- Html5 and CSS3

🧠 Research Skills

- User interviews
- Usability testings
- Competitor analysis & Tree testing
- Persona hypothesis

📄 About

I am a highly skilled and creative UI/UX designer with a passion for creating visually stunning and user-centric digital experiences. With over four years of professional experience, I have had the privilege of working with prestigious multinational companies, where I have honed my skills and developed a deep understanding of the industry.

My approach to design is driven by a strong belief in the power of aesthetics and functionality working hand in hand. I thrive on finding innovative solutions to complex design challenges, always striving to create intuitive and engaging user interfaces that leave a lasting impression.
